

HEISDEFIANT

Mayor Schmitz "Talks Back" to Judge Dunne

WHEN SENTENCED.

Ex-Mayor of Frisco Is Given a Five-Year Term in Prison—Says He Will Ask for Re-election.

San Francisco, July 9.—Eugene B. Schmitz, thrice elected mayor of San Francisco, was on Monday sentenced by Judge Dunne to five years in San Quentin penitentiary for extorting money from keepers of French restaurants. Before passing sentence the judge made Schmitz stand up before a crowded court room, while the judge scathingly denounced him as a rascal. The audience cheered the condemnation of Schmitz and threw hats and canes in the air.

The sentencing of the convicted mayor was in one respect without a parallel in the criminal annals of San Francisco. Half a dozen times Judge Dunne was interrupted by Schmitz, who protested against the "delivery of a lecture" instead of the pronouncement of judgment. He accused the court of unnecessarily humiliating him. Once, replying to the prisoner, Judge Dunne said:

"Such brazen effrontery was probably no more than should be expected, and it is the duty of the court to bear it in patience."

At another time Lawyer Metson, of the defense, interposed a vigorous objection in support of his client "to the court's lecture." Judge Dunne's reply was that Mr. Metson instead of interrupting the proceedings ought to be given a day in court to answer the charge that he had attempted to tamper with the jury which convicted Schmitz.

Metson said he was ready to answer any charge that was made against him.

Judge Dunne warned Metson that another interruption would provoke a jail sentence for contempt.

Turning to Schmitz, Judge Dunne resumed:

"You were elected to position because of the confidence and great trust reposed in you by the mass of the people. You have by your willful criminal act, so a jury of your fellow citizens has declared, broken that confidence and betrayed that trust."

Here Schmitz again protested against the lecture. Judge Dunne took no notice, but continued as follows:

"You will suffer the humiliation of knowing that your career of hypocrisy, duplicity and dishonesty has been exposed and that you stand before those who believed in and honored you morally naked, shamed and disgraced."

"I deny that," cried Schmitz. "The people of San Francisco know how I was railroaded through."

Judge Dunne resumed: "It is in the knowledge of these things, rather than in any mere term of imprisonment in a penitentiary that the full measure of your punishment may be found."

"It is the judgment of this court that you be confined in the state prison at San Quentin for a term of five years."

Then, as if in direct reply to the prisoner's denial of public shame interposed a moment before, the big crowd turned loose its feelings in a cheer that rattled the windows and drowned the sharp rapping of the bailiff for order. Immediately after resuming his seat at the counsel table, Schmitz dictated the following statement to the press:

"I have never asked for mercy; and, before a court where I did not expect a fair trial, I certainly did not expect it. I intend not only to fight this case step by step, but all the charges that have been brought against me; and, with the knowledge in my own conscience of my entire innocence, I expect to be successful in the contest."

"I now repeat what I have stated already: That I will be a candidate for mayor of the city and county of San Francisco this fall, when the people of San Francisco will have an opportunity by their vote of demonstrating whether they believe me guilty or innocent."

Judge Dunne continued for one week the four extortion cases on which Schmitz has not yet been tried.

Immediately after the passing of sentence, Attorney Fairall asked that Schmitz be admitted to bail, pending an appeal. This application will be heard formally to-day. Bills of exception were then filed and Judge Dunne granted a certificate of probable cause, enabling Schmitz to carry to the district court of appeals his motion for a new trial.

The Hague, July 9.—A score of new propositions were introduced Monday for the consideration of the peace conference, and almost every country represented had one. UNIQUE PLAN

Of Attack on Tobacco Trust Is Proposed.

BY GOVERNMENT.

Will Ask Court to Appoint Receivers Who Will Conduct the Business in Harmony with Law.

Washington, July 9.—The department of justice has adopted a new and highly important plan in connection with its proceedings against the so-called tobacco trust.

After asking the court to issue subpoenas to defendants requiring them to appear and answer the allegations contained in the bill and asking that the monopoly complained of be declared illegal and in violation of the Sherman anti-trust act, the department in its petition, which probably will be filed in New York within a few days, will ask the court, if in its judgment the interests and facts as disclosed demand such action, that receivers be appointed to take charge of the business and administer it in harmony with law.

Such a course, it is said, if adopted, would require the receiver taking charge of a corporation to administer its business with a view to a gradual disintegration of such monopoly, that is to say, such receiver in administering such business would from time to time be expected to sell and dispose of the different property units composing such monopoly in such a way as to preserve all the essential rights of the stockholders and at the same time ultimately give to the general public the benefit of competition between separate and independent corporations or businesses.

This plan has never before been adopted in the prosecution of trusts, but it is more than likely that the same plan will be followed in dealing with other trusts if the facts in connection with each would justify such action.
